C

**Influence Host Nation**

Play alone for "1" value, or with 1 Action card from hand or Network (may be any card if from Network). Move cube total number of boxes towards "your" side. Discard card or cards used.

OR

**Use Host Nation Influence**

If the HN Influence cube is on "your" side of the track, use either as Action card with value = HN influence on 1 Project, or as Degrade Network card.

**Reveal**

(flip face up) up to 2 cards in enemy Network. Any cards in Network may be revealed.

OR

**Conceal**

(flip face down) up to 2 cards in own Network. Any cards in Network may be concealed.

OR

**Conceal**

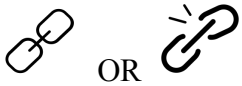

(flip face down) up to 2 cards in own Network. Any cards in Network may be concealed.

**Build/Manage Network**
Add up to 2 Action cards from hand to Network (place concealed, any side, anywhere in stack), or move 1 Action card to any other side of Base card (Action card becomes topmost card on that side, and retains revealed/concealed status).

**Degrade Network**
Discard 1 Action card from enemy Network. Card must be both revealed and the topmost card on that side of Base card.

**Build/Manage Network**
Add up to 2 Action cards from hand to Network (place concealed, any side, anywhere in stack), or move 1 Action card to any other side of Base card (Action card becomes topmost card on that side, and retains revealed/concealed status).

**Degrade Network**
Discard 1 Action card from enemy Network. Card must be both revealed and the topmost card on that side of Base card.

**Maintain Network**
*Must execute immediately when drawn.*
Must discard 1 card from hand if total Network (including Base card) is 5 cards or fewer, 2 cards if 6 cards or more. Discard Action cards from Network (anywhere in Network) if no cards in hand. After discarding card(s), may rearrange up to all Action cards in own Network; they retain revealed/concealed status.

**Action**

**1**

Must be in Network and topmost card in stack. Change value of 1 die of Project matching letter on side of Base card the Action card is on.
Time value may be raised or lowered; Budget may only be raised.
Reveal card if concealed; if already revealed, discard.

## Sequence of Play

**Draw Cards Phase.** Draw 1 card and add to hand. Hand may be any size. When draw pile runs out, shuffle discard pile and it becomes new draw pile.
**Operations Phase**. Player with HN Influence plays first (if none, Blue first). May play a Function Card (choose 1 function), use an Action Card from their Network, or pass. A player may always pass; a player with no cards in their hand and no Action Cards in their Network must pass. Phase ends when both players pass in succession.
**Projects Phase**. Projects that have met or exceeded time and budget values are now completed and scored. Execute completion effect of card. Remove completed Project cards; if more Projects remain to be played, Red will choose and replace Project cards in empty boxes.
**HN Influence Phase**. Raise (if on Blue side) or lower (if on Red side) Blue's Victory Point level by a number equal to the HN Influence value.
**Turn End Phase**. If all Projects to be played in the game have been completed, end game and determine Victory Level. If not, +1 Time of all Projects with 1+ Budget and start new turn.
